ANNE BARDSLEY

WHOLESALE CATALOGUE - 2026

About Anne

Anne Bardsley is a wildlife artist based in Oldham, creating colourful animal portraits that celebrate the individuality and character of wildlife. Working across acrylics, oils, soft pastels and mixed media, her work ranges from bold, pop-inspired paintings to softer, more textured pieces, with each collection offering a different approach to portraying animals.

Anne works from her own reference photographs, taken during visits to zoos and wildlife parks, where she spends time observing animals and looking for moments that capture their personality. Her work celebrates the beauty and diversity of wildlife, with a particular interest in vulnerable and endangered species.

Anne has exhibited across the UK, with solo exhibitions including Wild Encounters (2023), Wildlife Unleashed (2024), Untamed Art (2025) and Wild Lives at Gallery Oldham (2026). Her greeting cards are represented nationally by Natural Partners, and her artwork is stocked by Gallery Oldham and independent shops and galleries across the UK and Ireland.
