

ANNE BARDSLEY

WHOLESALE CATALOGUE - 2026

About Anne

Anne Bardsley is a wildlife artist based in Oldham, Greater Manchester. She creates expressive, character driven portraits of animals using a mix of acrylics, soft pastels and oils. Her work ranges from bold, pop influenced pieces to more painterly, textured oil studies, all driven by a commitment to raising awareness of endangered species.

Anne has exhibited across the UK, with solo shows including Wild Encounters (2023), Wildlife Unleashed (2024) and Untamed Art (2025). Her greeting cards are represented nationally by Natural Partners, and her work is stocked by Gallery Oldham as well as independent shops and galleries across the UK and Ireland.

She works from her home studio, often using her own reference photography taken in conservation focused settings to capture each animal's presence and personality.
